## **USDA Rural Development Value Added Producer Grant Meeting to be Held**

**McKinney, Texas**, June 15, 2004 – USDA Rural Development State Director Bryan Daniel announced today that the Agency will hold a seminar to discuss the Value Added Producer Grant program. The meeting will be held at 9:30 a.m on June 23, 2004, at the Collin County Community College, Central Park Campus, Pike Hall in McKinney. CCCC is located at 2200 West University Dr., McKinney, Texas.

“This grant program will foster the development of value-added projects to help create the opportunity for economic development and job creation in rural areas,” said Daniel. “USDA Rural Development is committed to providing the necessary tools to help rural businesses create jobs and improve the quality of life for their communities.”

Authorized as part of the 2002 Farm Bill, the Value-Added Agricultural Product Market Development Grants program provides an opportunity to refine agricultural commodities and products to increase their value in the marketplace. Grants may be used for planning activities and working capital for marketing value-added agricultural products and for farm-based renewable energy. Eligible applicants are independent producers, farmer and rancher cooperatives, agricultural producer groups, and majority-controlled producer-based business ventures.
